

OVOCOL L

Pure liquid egg white, without additive

CLARIFICATION AND TRADITIONAL MATURATION OF GREAT RED WINES

CHARACTERISTICS

- ◆ The choice of **OVOCOL L** revives with the traditional and prestigious practice of the white egg fining of great red wines.
- ◆ **OVOCOL L** softens and refines the red wine's solidity : thanks to its specific agglutination with certain tannic fractions, **OVOCOL L** eliminates bitterness and astringency excesses in finishing fining, notably in the after-taste.
- ◆ **OVOCOL L** can be distinguished by its finesse of action : it smoothes the structure without unbalance and totally respects the aromatic characters and the typicity of wine.
- ◆ **OVOCOL L** contributes to the taste harmony.
- ◆ **OVOCOL L** is a high quality clarifying agent, without any risk of over fining when used in the recommended doses.
- ◆ Its use prepares and eases filtration operations and avoids the precipitation of colloidal colouring matter in the bottle.
- ◆ **OVOCOL L** undergoes an exclusive stabilisation treatment at low temperature, which respects all protein molecules. Contrary to pasteurisation, this stabilisation guarantees a six-month shelf life at ambient temperature (< 25°C).

LEGISLATION

- ◆ **OVOCOL L** is an egg-based enological product. In certain countries and in the EU (beginning May 31st 2009), its utilization requires the specific labelling of wines. Please, consult the applicable regulation.

DOSAGE

- ◆ 1 litre for 10 to 15 casks (1 litre for 20 to 30 hL)
- ◆ 1 litre of **OVOCOL L** contains 33 egg whites.

INSTRUCTIONS FOR USE

- ◆ Shake the bag before opening.
- ◆ Beat the quantity of **OVOCOL L** necessary for fining without creating foam and incorporate during a pumping over, with the aid of a measuring pump or a DOSACOL (fining connection) .
- ◆ Homogenize the tank carefully.

PACKAGING

- ◆ 1 L bag - Carton of 10 x 1 litre

STORAGE

- ◆ Unopened packing, seal of origin, away from light, in a dry and odour free place. do not freeze (0°C to 25)°.
- ◆ Opened packing : store in refrigerator and use quickly.
