

# MATERIAL SAFETY DATA SHEET

According to the european directive 2001 / 58 / CE

Product : **AMPLI SWEET**

Version n°01 of 17/03/2008

## 1 –Product and company identification

Trade name : **AMPLI SWEET**

Use : oenological product

Society : : **SOFRALAB**  
79 AV. A.A. Thévenet - BP 1031 - 51319 MAGENTA - FRANCE

Tel. +33 (0)3 26 51 56 45 - Fax. +33 (0)3 26 51 87 60

Emergency number : ORFILA +33 (0)1 45 42 59 59

## 2 – Composition/ Information on components

Inactivated yeast.

Pectolytic enzymes : N° CAS : 9032 - 75 - 1  
N° EINECS : 232 – 885 – 6

Hazards symbol : X<sub>n</sub> harmful

R phrase: R 42.

## 3 – Hazards identification

This product is classified as not hazardous according to regulation in force.  
Ampli Sweet contains enzymes that may cause allergic type reactions.

## 4 – First aid measures

**In case of inhalation :** Bring casualty to fresh air. Get medical attention.

**In case of skin contact :** Flush with large amounts of water.

**In case of eye contact :** Wash with water.

## 5 – Fire fighting measures

Not flammable.

Combustion product : formation of CO

# MATERIAL SAFETY DATA SHEET

Product: **AMPLI SWEET**

Version n°01 of 17/03/2008

## 6 - Accidental release measures

Sweep up spilled product or recover it with a vacuum pump.  
Prevent the product from entering sewers.

## 7 – Handling and storage

**Handling :** Wear an anti-dusk protective mask in poorly ventilated areas. (P3 filter)

**Storage :** Store in a dry, cool and well-ventilated area. Avoid storage at high temperatures over long periods of time.

## 8 - Personal protection

Respiratory protection : Wear an anti-dusk protective mask in poorly ventilated areas. (P3 filter).

## 9 - Physical and chemical properties

Appearance : Powder

Colour : Light brown

Ignition temperature > 100 °C

## 10 - Stability and reactivity

Stable product.

Decomposition products: water and CO<sub>2</sub> by combustion

## 11 - Toxicological information

Not applicable.

Inhalation: may cause allergic type reactions.

## 12 - Ecological information

Not applicable.

Biodegradable product.

## 13 - Disposal considerations

Product: Complete biodegradability. Disposal and incineration in accordance with current local authority regulations.

Contaminated package : Contaminated packages must be disposed of like the product.

## 14 – Transport information

Product not hazardous for route (ADR), maritime (IMDG) or air (IATA) transport.

**MATERIAL SAFETY DATA SHEET****Product: AMPLI SWEET**

Version n°01 of 17/03/2008

**15 – Regulatory information**

Not applicable.

**16 – Other information**

Preparation contains enzymes that may cause allergic type reactions.

“ This sheet completes the technical utilisation manual but does not replace it. The information contained within is based on the level of our knowledge relative to the product at the date indicated. It is given in good faith. The attention of the users is above all drawn to the eventual risks taken for the products usage in situations other than that for which it was conceived.

In no situation should the user disregard the precautions outlined for the products use. The user assumes the sole responsibility for following the precautions listed in regards to their utilisation of the product ”.
