

MATERIAL SAFETY DATA SHEET

European Directive 2001 / 58 / EC

Product : **CARBINE T Poudre**

Version n°01 of 10/11/2005

1 – Product and company identification

Product name: **CARBINE T Poudre**

Application: activated carbon for oenological use

Supplier: SOFRALAB – MARTIN VIALATTE ŒNOLOGIE – STATION ŒNOTECHNIQUE DE CHAMPAGNE
79 AV. A.A. Thévenet - BP 1031 - 51319 MAGENTA - FRANCE

Phone 00 33 (0)3 26 51 56 45 – Fax number 00 33 (0)3 26 51 87 60

Emergency number: ORFILA 00 33 (0)1 45 42 59 59

2 - Composition / Information on ingredients

Substance: vegetal steam activated carbon

N° CAS : 7440-44-0

N°EINECS : 231-153-3

3 – Hazards identification

Major hazards

Adverse health effect: drying effect

Environmental fate: in itself, the product poses no environmental hazard.

Physical and chemical hazards: combustible product

Product classification: NOT REGULATED (Directive 67/548/EC as modified)

MATERIAL SAFETY DATA SHEET

Product : **CARBINE T Poudre**

Version n°01 of 10/11/2005

4 – First aid measures

In case of inhalation: if inhalation is important, remove subject to fresh air.

In case of eye contact: wash immediately with plenty of water, eyelids open, for at least 15 minutes. (in order to remove dust). Consult an ophthalmologist.

Other information: remove and brush contaminated clothes. Wash them separately.

5 - Fire-fighting measures

Extinguishing agent recommended: foam

Unsuitable extinguishing agent: water in closed environment

Specific risks: in bulk, will burn slowly without flame.
Highly combustible in presence of liquid oxygen, ozone and strong oxidizing agent.

6 - Accidental release measures

Individual prevention precautions: To wear an anti-dust mask is recommended

Cleaning measures

Collection: Use vacuum equipment to collect the product or any other equipment avoiding dust formation.
Reuse if product is not contaminated.

Disposal: If foreign substances have been adsorbed, incinerate contaminated residues in an authorized facility.

7 – Handling and storage

Handling

Technical measures: to wear an anti-dust mask is recommended.

Prevention of employee exposure: Avoid dust formation and minimize dispersal of dust into the air.

Storage

Technical measures: store away from solvents (possible adsorption of their vapors by activated carbon) and strong oxidizing agents.

Storage conditions

Recommended: a dry, cool and ventilated area.

Avoid: proximity to strong oxidizing agents.

Incompatible materials: rapid combustion in presence of liquid oxygen, ozone and strong oxidizing agents.

Packaging materials:

Recommended: large supple bulk containers.
Paper bags.
Foil or steel for tank trucks.

MATERIAL SAFETY DATA SHEET

Product : **CARBINE T Poudre**

Version n°01 of 10/11/2005

8 - Exposure control/Personal protection

Control parameters

Limit values: France:
 Total dust: average exposure value (VME) = 10 mg/m³
 Alveolar dust : VME : 5 mg/m³
 USA (American Conference of Industrial Hygienists : ACGIH)
 Total dust: TLV (threshold limit values)-TWA (time weighted average)= 10 mg/m³
 Alveolar dust : TLV-TWA : 3 mg/m³

Personal protective equipment :

Respiratory protection : to wear an anti-dust mask is recommended.

Eye protection : safety glasses for added comfort (EN 166 – Type I)

Hygiene measures: avoid grinding the product and dust formation.

9 - Physical and chemical properties

Appearance

Physical state: solid
 Form: powder
 Colour: black
 Odour: odourless
 pH: 4 – 11 according to quality (at recommended dilution).

Characteristic temperatures

Flash point: N/A.

Other data

Vapour pressure: none.
 Bulk density: 200 – 600 kg/m³ with condensed product.

Solubility:

In water: not soluble.
 In organic solvents: not soluble.

MATERIAL SAFETY DATA SHEET

Product : **CARBINE T Poudre**

Version n°01 of 10/11/2005

10 - Stability and reactivity

Stability: product is stable at normal storage temperatures.

Hazardous reactions

Conditions to avoid: rapid combustion in presence of liquid oxygen, ozone and strong oxidizing agents.

Substances to avoid: store away from solvents (possible adsorption of their vapors by activated carbon).

Hazardous decomposition products: carbon oxides.

11 - Toxicological information

No adverse effects on human health to our knowledge under normal conditions of use.

Other information: LD50 oral (rat): > 10 g/kg

12 - Ecological information- General remarks

Mobility

In the air: significant (dust).

Ecotoxicity: no specific risks for the environment.

Release of product contaminated by hazardous substances into environment is not allowed.

Other information: insoluble in aqueous medium, separation of the product possible by filtration or sedimentation.

13 - Disposal considerations

Product or residues

Appropriate method for removal: if product is pure: disposal in authorized landfill.
After usage (substances have been adsorbed): follow current regulations and decrees.

Contaminated packaging

Local measures: follow current regulations and decrees.

14 – Transport information

Product not classified as dangerous goods by transport regulations.

ONU N°: 1362

MATERIAL SAFETY DATA SHEET

Product : **CARBINE T Poudre**

Version n°01 of 10/11/2005

15 – Regulatory information

Product does not fall under labelling regulations of dangerous substances.

Conform with all other applicable national regulation.

16 - Other information

The vertical lines on the left side indicate the modifications made to the precedent version.

“This data sheet completes the technical notices of utilization but does not replace them. The information provided is based on our current knowledge of the product at the time of publication. They are given in good faith. Moreover, the user’s attention should be drawn to the possible risks incurred if the product were used for other purposes than those for which it has been designed.

In any case, the data sheet does not release the user from knowing and applying all regulations related to his/her activity. He/she will be solely responsible for taking the necessary precautions related to the use of the product.”
