

# MATERIAL SAFETY DATA SHEET

According to the European Directive 2001/ 58/ EC

**Product name: VITILACTIC XL - VITILACTIC H+**

Version n°2 of 10/10/2007

## 1 – Product and company identification

Product name: **VITILACTIC XL - VITILACTIC H+**

Product use: product used in oenology

Supplier: SOFRALAB – MARTIN VIALATTE ŒNOLOGIE – STATION ŒNOTECHNIQUE DE CHAMPAGNE  
79 AV. A.A. Thévenet - BP 1031 - 51319 MAGENTA - FRANCE

Phone +33 (0)3 26 51 29 30 - Fax +33 (0)3 26 51 87 60

Emergency number: ORFILA +33 (0)1 45 42 59 59

## 2 - Composition/ Information on ingredients

- Lyophilized *Oenococcus oeni* powder (leuconostoc oenos)
- Dry yeasts
- Cellulose: CAS N° 65996-61-4

## 3 – Hazard identification

Product is not dangerous according to the European standard criteria for the classification of dangerous goods.

## 4 – First aid

### General observations:

- |                          |   |
|--------------------------|---|
| In case of skin contact: | Harmless.                                     |
| In case of eye contact:  | Rinse abundantly with water.                  |
| In case of ingestion:    | Rinse thoroughly mouth and throat with water. |
| In case of inhalation:   | In case of irritation, consult a physician.   |

# MATERIAL SAFETY DATA SHEET

**Product name: VITILACTIC XL - VITILACTIC H+**

Version n°02 of 10/10/2007

## 5 – Fire-fighting measures

Protection against fire and explosions: No specific recommendation.

Recommended fire-fighting agents: water spray or CO<sub>2</sub>.

Specific hazard: None.

## 6 – Accidental release measures

Collection and cleaning measures: Sweep and vacuum spilled product. Wash surface with water. Dispose of spilled product in accordance with applicable regulations. Product may be slippery on wet ground.

## 7 – Handling and storage

**Handling:** Avoid product suspension in air and formation of dust.

**Storage:** Store in a cool, dry and well ventilated area.

## 8 – Exposure control/Personal protection

Respiratory protection: wear a dust mask type P1 in poorly ventilated area.

Eye protection: wear safety goggles (EN 166) when dust concentration in the atmosphere is excessive.

Hand protection: handle product according to good industrial hygiene practices.

## 9 – Physical and chemical properties

Appearance: powder.

Colour: clear to brown beige.

Odour: light fermentation aroma.

pH (10%): 4 to 6 approximately.

Water solubility: incomplete with a slight opalescence.

**MATERIAL SAFETY DATA SHEET****Product name: VITILACTIC XL - VITILACTIC H+**

Version n°02 of 10/10/2007

**10 – Stability and reactivity**

Product is stable under normal conditions of use.

**11 – Toxicological information**

In case of inhalation: Slight irritation of the nose and respiratory system caused by dust formation.

In case of eye contact: Irritation.

**12 – Ecological information**

Product is not dangerous to the environment. Product is biodegradable.

**13 – Disposal considerations**

No specific disposal methods are required other than applicable regulations prescribed by local authorities.

**14 – Transport information**

Product does not fall under the transport of dangerous goods regulation.

**15 – Regulatory information**

Product does not fall under the labelling regulation of substances and preparations.

**16 – Other information**

The vertical lines in the left margin indicate the modifications made to the precedent version.

« This data sheet completes the technical notices of utilization but does not replace them. The information provided is based on our current knowledge of the product at the time of publication. They are given in good faith. Moreover, the user's attention should be drawn to the possible risks incurred if the product were used for other purposes than those for which it has been designed.

In any case, the data sheet does not release the user from knowing and applying all regulations related to his/her activity. He/she will be solely responsible for taking the necessary precautions related to the use of the product. »
